Department references explain work sectors; they do not indicate current registration, empanelment, endorsement or an awarded contract. Solar works depend on the relevant project or implementing agency. Execution is assessed against scope and eligibility, using internal or subcontracted teams as appropriate.

International Trade

Bangladesh to India: imports. India to Bangladesh: exports. Wider international enquiries welcome.

IMPORTS FROM BANGLADESH

Household plastics

Buckets, baskets, storage containers and household utility items.

Industrial plastics

Crates, bins, drums and industrial handling or storage containers.

Glassware

Drinking glasses, jugs, bowls and serving items.

Melamine products

Plates, bowls, trays and dinnerware.

Furniture

Home and office furniture requirements.

EXPORTS TO BANGLADESH

Coal

Grade, size, volume, packing and destination are discussed for the requirement.

Boulder stone

Stone size, specification, quantity and delivery destination are agreed for the order.

New products & markets

HALGOR welcomes overseas buyers, manufacturers, suppliers and trading partners. Share a product to offer or a requirement to fulfil so sourcing and trade feasibility can be assessed.

Experience and engagement
Business history under M/S Arman Ali includes India-Bangladesh trading. Exact products, specifications, quantities, prices, delivery and applicable trade requirements are discussed before an order is agreed.

Technology & Business Support

Practical services matched to the business requirement, scope and delivery arrangement.

IT & SOFTWARE SOLUTIONS

Website design & development

Business websites, service websites and product catalogues.

Custom business software

Inventory, customer management, quotations and internal workflows.

Web applications

Customer portals, booking systems and business dashboards.

Mobile app development

Customer-service apps, field-team tools and member applications.

E-commerce websites

Product catalogues, shopping carts and order management.

System integrations

Payment gateways, CRM connections and approved third-party APIs.

Website redesign

Navigation improvements, updated layouts and content reorganisation.

Maintenance & technical support

Content updates, software updates, troubleshooting and agreed backups.

BUSINESS CONSULTING & COMPLIANCE

Start Your Business

Business registration and incorporation support
Business structure and setup discussions
Guidance and coordination for relevant registrations or licences

Manage Compliance

GST registration and return support
Income-tax consultation and return support
Accounting, bookkeeping and ongoing compliance coordination

Develop Your Business

Business plans and project reports
Operational improvement and growth planning
Business-development advisory and implementation coordination

Selective engagements
In South Salmara-Mankachar, business consulting, registration, GST and income-tax assignments are accepted selectively, case by case. This policy applies only to these services. No special district-based restriction applies elsewhere.

IT projects may involve HALGOR’s internal team and external specialists. Consulting support may be delivered internally, coordinated with qualified CAs or CSs, or referred to an independent professional. Scope, fees, responsibilities and timelines are clarified before an engagement is accepted.

Contact HALGOR

Share your product, project or service requirement for an initial discussion.
